Please accept our congratulations on your successful management of the APBCW mission, and the excellent results you have since reported directly to me, and as documented in the APBCW acquittal. It has been a pleasure to report on the success of the mission in CITCSA Flash, and more so, since it was the first independent mission for the APBCW.

It gives us further pleasure to advise that your acquittal was commended by the Department of Trade and Economic Development as “one of the best and most transparent reports received.” The Department has also asked that its congratulations be conveyed to you.

Your ongoing communication on further outcomes from the APBCW mission would be most welcome Jing.

Congratulations on your achievement as APBCW president in this most important area for CITCSA, that of export market development for South Australian enterprises.

Yours sincerely

Trish Semple
Chief Executive
